ASSET MANAGEMENT AGREEMENT

This ASSET MANAGEMENT AGREEMENT ("Agreement") is made on this date _____ between _____ ("Client") and Virtue Capital Management, LLC ("VCM"). In consideration of the mutual covenants and agreements herein and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Client and VCM covenant and agree as follows:

SCOPE OF ENGAGEMENT

(a) Client hereby appoints VCM to perform the services hereinafter described and shall be responsible for discretionary investment and reinvestment of those assets designated by Client on Exhibit A (the "Assets") in an account established with VCM (the "Account"). The client authorizes VCM and their investment advisor representatives the authority to utilize the portfolios listed in Exhibit A as well as self-managed portfolios where the investment advisor representative's chooses the client's investment(s) on a discretionary basis. Such discretionary authority allows VCM, when VCM deems appropriate and without prior consultation with the Advisor or Client, to buy, sell, exchange, convert and otherwise trade in any security or otherwise deal with Portfolio assets in its discretion and to delegate such investment discretion to Advisor Self-Managed portfolio(s)—but in all cases VCM's discretion is limited to implementing transactions necessary and delegating investment discretion to Advisor Self-Managed portfolio to allocate Assets among Portfolios as directed by Advisor. VCM or any Advisor Self-Managed portfolios as applicable, will direct the Custodians to effect transactions for the Accounts so that Assets are invested into and among Portfolios, including the implementation of Portfolio changes from time to time in their discretion. When VCM is buying, selling, exchanging, converting, and otherwise trading in any security at the direction of VCM Managers, and/or Advisor Self-Managed portfolios VCM is only liable for trade errors for the three (3) trading days following the date the trades settled. The Advisor is responsible for reviewing all trades. If a trading error occurred and the advisor does not notify VCM within three (3) days of the error, the Advisor is solely responsible for any losses related to potential trade corrections. In such instance, Advisor fees may be offset in the amount of the losses resulting from the error. VCM is authorized, without prior consultation with Client, to buy, sell, and trade in stocks, bonds, exchange traded funds ("ETFs"), options, mutual funds and other public and private securities or investments. The authority granted to VCM will continue in force until revoked by Client in writing. Such revocation will be effective upon VCM's receipt.

(b) Client authorizes VCM to delegate the performance of any of its duties to third parties or affiliates. VCM is authorized to allocate Client's Assets among different portfolios / programs managed by the Managers and or Advisor Self-Managed portfolio(s).

(c) Client agrees to provide information and/or documentation requested by VCM respecting Client's income, investments, taxes, insurance and estate plan. Client also agrees to discuss with VCM his/her investment objectives, needs and goals, and to keep VCM informed of any changes regarding the aforementioned items. Client acknowledges that VCM cannot adequately perform the services for the Client unless the Client diligently performs Client responsibilities under this Agreement. VCM will not be required to verify any information obtained from Client, Client's attorney, accountant or other professionals, and is expressly authorized to rely thereon.

(d) Client understands and agrees that the advisory fee outlined in this Agreement applies solely to investment advisory services. Should the Client elect to receive separate financial planning services (e.g., retirement planning, estate analysis, cash flow modeling), such services will be governed by a separate Financial Planning Agreement and may be subject to a flat, hourly, or subscription-based fee structure. These financial planning fees are in addition to any investment advisory fees assessed under this Agreement. No such fees will be charged without the Client's prior written consent and acknowledgment of the separate agreement.

(e) VCM will generally invest Client's cash balances in money market funds, FDIC Insured Certificates of Deposit, high-grade commercial paper and/or government backed debt instruments. In most cases, at least a partial cash balance will be maintained in a money market account so that VCM may debit advisory fees.

(f) VCM recognizes that Clients may maintain securities or positions within their accounts that are not actively traded, whether due to tax considerations, legacy cost basis, concentrated holdings, sentimental value, or other strategic reasons. Where the Advisor maintains discretionary authority, such positions remain subject to ongoing portfolio monitoring, risk review, rebalancing analysis, and professional advice as part of the Client's overall financial plan and goals. These positions are included within the scope of advisory services and subject to billing under this Agreement, even if trading activity is limited or infrequent.

Clients may elect, at any time, to maintain certain assets in a custodial account where the Advisor does not provide ongoing management. Assets or accounts designated in this manner will not be billed, and the Client will bear sole responsibility for the investment and performance of such positions.

ASSET MANAGEMENT AGREEMENT

CUSTODIAN

VCM does not maintain custody of Client Assets, nor is it authorized to hold or receive any stock, bond or other security or investment certificate or cash (except in the payment of its advisory fee) that is part of the Account. Custody of Account assets will be maintained at the custodian separately appointed by the Client (the "Custodian") and not VCM. VCM is authorized to give instructions to the Custodian with respect to all investment decisions regarding the Account and the Custodian is authorized and directed to effect transactions, deliver securities, make payments and otherwise take such actions as we direct in connection with the performance of our obligations hereunder.

Furthermore, Clients may incur brokerage commissions and other execution costs charged by the custodian or executing broker-dealer in connection with transactions for the Client's account. Clients should further understand that all custodial fees and any other charges, fees and commissions incurred in connection with transactions as well as custody of the Client's account will be paid out of the assets in the account. Please refer to the Brokerage Practices section of VCM's Brochure for additional important information about the brokerage and transactional practices of VCM. Accordingly, the Client should review both the fees charged by the product sponsor and the fees charged by VCM to fully understand the total fees to be paid.

ADVISOR COMPENSATION

On an annualized basis, Client will pay VCM the fees as indicated in this Agreement. Fees are billed on a pro-rata annualized basis, monthly in arrears, based on the Account's time-weighted daily average value. All fees will be automatically deducted from Client's Account. Client authorizes the Custodian to deduct such fees and remit them directly to VCM.

The Client understands and agrees that advisory fees will be assessed on all assets for which the Advisor maintains discretionary authority, regardless of trading activity or frequency. This includes, but is not limited to, securities or positions that may not be actively bought or sold due to tax considerations, embedded capital gains, legacy cost basis, or other investment factors. Assets must remain under the Advisor's ongoing discretionary management to be eligible for billing. The Advisor is expected to monitor, evaluate, and advise on such positions as part of the Client's overall portfolio strategy. Clients may request additional information regarding how fees are applied to specific holdings.

Each account will be charged an \$8 monthly technology fee, subject to change based on the terms and pricing of technology providers. This fee supports VCM's third-party portfolio accounting platform, which consolidates managed accounts, enables household-level performance reporting, and provides Clients with real-time access through a secure online portal. Clients may establish individual profiles to view holdings, performance, and documents on a consolidated basis.

Technology fees will be deducted automatically from each account on a monthly basis. The Client authorizes the qualified Custodian to deduct these fees, along with all other fees or charges payable under this Agreement, from the Account. All deductions will be reflected on the Client's monthly custodial account statement.

If sufficient cash is not available to cover fees, VCM may sell securities in the Account in an amount necessary to cover the outstanding fee balance. Where practical, VCM may liquidate securities in an amount equal to a full quarter's estimated advisory fee to reduce the need for frequent trading. These transactions will generally be conducted through a rebalancing process that seeks to maintain alignment with the Client's original portfolio allocation.

(a) Custodian sends statements at least quarterly, showing the market values and all disbursements in the Account including the amount of the advisory fees paid to VCM and the advisor.

(b) Client acknowledges that it is Client's responsibility to verify the accuracy of the fee calculation and that the Custodian will not determine whether the fee is accurate or properly calculated.

(c) Client has access to view performance reporting from Orion Advisor or another third party performance reporting solution and VCM strongly encourages the client to compare performance information provided by the Orion Advisors or another third party performance reporting solution with those received by the custodian.

(d) Fees under this Agreement are separate and distinct from fees for retirement plan participant account management, as applicable. See the Addendum for Held Away Retirement Plan Participant Accounts for additional fees.

(e) Cash Only Position Fees. Under the following conditions, a Reduced Fee may be negotiated, that is no greater than this agreed

ASSET MANAGEMENT AGREEMENT

upon Client Fee, will be assessed to Client when (i) the Client directs Advisor or (ii) the Advisor believes it is in the Client best interest to maintain a conservative position with holdings in (1) "cash" or "cash equivalents", such as, "short term treasuries" and (ii) the cash position is maintained typically for a period of up to two consecutive quarters or 182 days, whichever is less; the period of time the client is invested in "cash" could extend further than two consecutive quarters depending on market conditions and client consideration, the Reduced Fee for cash positions will be active while Client maintains a cash only portfolio allocation; however, the Reduced Fee will revert to the initially agreed upon Client Fee upon the movement out of a cash position and reinvesting in strategies on the VCM Platform.

(f) Client authorizes Virtue Capital Management ("VCM") to assess a \$5.00 monthly operational support fee to any account not invested in VCM-approved strategies. This fee helps offset the operational, administrative, and servicing costs associated with maintaining accounts that are not otherwise subject to standard billing. This fee will be automatically deducted from the Client's account at the Custodian pursuant to the billing authorization contained herein. The operational support fee is not based on assets under management and is separate from any technology and advisory fee charged under this Agreement.

NEGOTIATION OF FEES

Virtue Capital Management allows our IAR or Outside RIA to set fees within ranges provided by VCM. As a result, your investment advisor representative may charge more or less for the same service than another investment advisor representative of VCM. The exact fees and other terms will be outlined in the agreement between you and VCM as notated on the Asset Management Agreement Exhibit A. Clients should be aware that lower fees for comparable services may be available from other sources.

A portion of the fees charged for our direct asset management services offered through the VCM Platform are negotiable by each of our IARs or Outside RIAs based upon the type of client, the complexity of the client's situation, the composition of the client's account (i.e., equities versus mutual funds), the amount of active management of the client's portfolio, the relationship of the client with the IAR or Outside RIA, and the total amount of assets under management for the client.

Based upon the above negotiability factors, each IAR or Outside RIA is allowed to set VCM's total investment advisory fee up to a maximum amount of 1.95% annually. The fee charged to each client includes a portion attributable to VCM and a portion attributable to the IAR or Outside RIA, which is negotiable. The total annual fee (which includes VCM's fee and the IAR/Outside RIA fee) charged for the VCM Platform will be specified in the client's VCM Asset Management Agreement Exhibit A.

REPORTS

The Custodian will provide you with Account statements on no less than a quarterly basis, which will include a summary of the transactions and the assets in the Account (the "Account Statements"). You agree that the Account Statements furnished by the Custodian will be sufficient notice of securities transactions. VCM encourages you to review all Account Statements and compare them to any client reports made available through VCM client technology solutions such as Orion or another third-party.

In connection with performing its services for you as our client, VCM or the managers may obtain and utilize information and data from a wide variety of public and private sources, including (i) financial publications that monitor market indices, industry research materials and other materials prepared by parties other than VCM and (ii) information and data concerning investment management firms obtained from both the investment management firms and/or from third party vendors. VCM will not utilize any such information or data if VCM has reason to believe it to be inaccurate.

However, VCM will not independently verify, and cannot guarantee, such information and data, and makes no representations or warranties with respect to any reports or statements prepared by VCM for you to the extent such reports or statements are based on such information or data or VCM's analysis thereof.

In recognition of VCM's continuing desire to improve the reports and statements VCM may prepare for you, VCM may from time to time modify the format of and/or the types of information contained in such reports and statements without your prior approval.

EXECUTION OF BROKERAGE TRANSACTIONS

(a) VCM will arrange to execute securities brokerage transactions for the Account through the Custodian. Client understands that by instructing to execute all transactions on behalf of the Account through the Custodian, a disparity may exist between the commissions borne by the Account and the commission borne by VCM's other clients that do not direct it to use a particular broker. Client also understands that by instructing to execute all transactions on behalf of the Account through the Custodian, client may not necessarily obtain commission rates and execution as favorable as those that would be obtained if VCM were able to place transactions with other brokers. Client may also forego benefits that VCM may be able to obtain for their other clients through, for example, negotiating volume discounts or blocks trades.

ASSET MANAGEMENT AGREEMENT

(b) In the event VCM elects to use different broker-dealers to execute Account transactions ("Brokers"), VCM will only use Brokers that VCM reasonably believes will provide "best execution". In seeking best execution, the determinative factor is not the lowest possible commission cost but whether the transaction represents the best qualitative execution. VCM takes into consideration the full range of a Broker's services, including the value of any research provided, execution capability, commission rates, reputation, and responsiveness. VCM will seek competitive commission rates, but it may not necessarily obtain the lowest possible commission rates for Account transactions.

(c) VCM generally processes transactions for each client account independently, unless VCM decides to purchase or sell the same securities for several clients at approximately the same time. VCM may (but is not obligated to) combine or "batch" orders for a variety of factors. Some factors are to obtain best execution or to negotiate more favorable commission rates. Under this procedure, transactions' prices will be averaged and will be allocated among clients in proportion to the purchase and sale orders placed for each account, on any given day.

(d) Broker-dealers charge brokerage commissions and/or transaction fees for executing securities brokerage transactions. The brokerage commissions and/or transaction fees charged to Client for securities brokerage transactions are in addition to VCM's advisory fees.

RISK ACKNOWLEDGMENT

Neither VCM, its IARs nor any manager guarantees the performance of the Assets or any specific level of performance, the success of any investment decision or strategy that may be used, or the success of the overall management of the Assets. Client understands that investment decisions made for Assets by VCM, its IARs and the managers are subject to various markets, currency, economic, political and business risks, and that those investment decisions will not always be profitable.

HYPOTHETICAL PERFORMANCE

VCM, as part of its current investment services, utilizes a variety of technical trading investment strategies and hypothetical performance to illustrate the potential efficacy of the investment strategies. Hypothetical performance is performance not achieved by an actual client. VCM engages a model provider that offers technical trading strategies employed using one or more algorithms. Such strategies, to the extent utilized, initially will not involve actual client accounts, and are not influenced by cash flows or the timing of such cash flows. Advertising hypothetical performance may provide a relevant representation of how the technical trading algorithms perform, as they are not influenced by cash flows and other extraneous factors.

Hypothetical investment strategies, to the extent utilized, are managed by contemporaneously recording hypothetical trades based upon the output from technical trading algorithms. Such trades are not live trades and are not influenced by emotional or subjective reactions to extraneous market, economic, political, and related factors.

With respect to the investment strategies VCM offers a variety of technical trading models that are either active, passive, tactical, dynamic, or fixed income focused. VCM believes investment strategies based upon technical trading algorithms may be appropriate for clients. However, the appropriateness of an active, passive, tactical, dynamic, or fixed income portfolio depends on many variables including but not limited to the client's personal and financial circumstances, investment goals, risk tolerance, liquidity needs, and other investment preferences. Accordingly, the Client agrees they have or will review the fact sheet(s) for each strategy including the disclosure language to fully understand if the strategy(s) performance is hypothetical for any period prior to investing.

INVESTMENT SUPERVISORY SERVICES

VCM will not assume any responsibility for the accuracy or completeness of the information provided by the client. VCM is not obligated to verify or update any information received from the client or from the client's other professionals (e.g., attorney, accountant, etc.) and is, along with those that it has delegated any responsibilities, expressly authorized to rely on such information. Clients are responsible for promptly notifying VCM (through their Investment Advisor Representative) in writing of any material changes to the client's financial situation, investment objectives, time horizon, or risk tolerance (i.e., "Investment Profile"). In the event that a client notifies VCM of changes in the client's Investment Profile, VCM will amend the client's Investment Profile according to the information provided by the client. VCM offers ongoing portfolio management services based on the individual goals, objectives, time horizon, and risk tolerance of each client. VCM offers ongoing portfolio management services based on the individual goals, objectives, time horizon, and risk tolerance of each client. VCM may provide investment advice to clients as to the proper allocation and selection of investments made available through a fee-based variable annuity product. Please be advised that our advice is limited to those funds available within any such fee-based variable annuity product.

VCM will be fully protected in relying upon any such direction, notice, or instruction until it has been duly advised in writing of changes therein. Client agrees to hold VCM harmless from any claim arising from its good-faith reliance on such directions. VCM may refuse to accept any electronic direction which it believes to be of a subject matter best documented by Client's written direction.

LIABILITY & INDEMNIFICATION

Neither VCM nor its delegates, including Investment Adviser Representatives (IARs) and Managers (collectively, the "Advisers"), shall be liable for any loss, liability, tax, or expense arising from any act or omission in connection with their duties under this Agreement, except to the extent such loss results from their bad faith, willful misconduct, or gross negligence.

The Client agrees to indemnify, defend, and hold harmless VCM, its Advisers, and each of their respective owners, employees, officers, and independent contractors from and against any and all losses, liabilities, costs, or expenses (including reasonable attorneys' fees and VCM's compensation) incurred as a result of actions taken in accordance with this Agreement, provided such actions do not constitute bad faith, willful misconduct, or gross negligence.

Custodian Instructions

For clarity, the Client acknowledges and agrees not to provide trade, allocation, or other investment instructions directly to the Custodian. The Client shall instead communicate all such instructions through VCM or its Advisers. The Client further agrees to fully and forever release, hold harmless, and indemnify VCM and its Advisers from any losses, liabilities, or expenses (including legal fees and costs) that arise directly or indirectly from the Client's communications or instructions made directly to the Custodian, regardless of any action or inaction by VCM in response to such communications.

- Any recommendations or activities conducted as part of the IAR's Outside Business Activities (OBAs), even if such activities are disclosed on the IAR's Form ADV Part 2B.

OBAs include, but are not limited to, sales or recommendations of insurance products such as life insurance, long-term care insurance, fixed annuities, or fixed indexed annuities.

PROXIES

Client or Client's named fiduciaries retain the right and obligation to vote any proxies relating to the securities held in the Account to the extent consistent with applicable law; provided, however, that Client or Client's named fiduciaries may delegate such rights and obligations to any properly authorized agent. Neither VCM nor any Manager will take any action or render any advice with respect to the voting of proxies solicited by, or with respect to, the issuers of any securities held in Account, except to the extent otherwise required by law. If this Agreement is entered into by a trustee or other fiduciary on behalf of an employee retirement income plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), including a person meeting the

ASSET MANAGEMENT AGREEMENT

definition of “fiduciary” under ERISA, the trustee or other fiduciary expressly retains the right and obligation to vote proxies, and agrees that VCM, the Managers and their respective representatives are precluded from voting proxies for the plan.

- Client Accounts terminated by VCM can also include those Client Relationships whereby the Investment Advisor of Record to the Client Account elects to terminate their investment advice and fiduciary obligations to the Client. In such events, the investment advisor will provide written notice to the client and such notice will serve as notice to client that that account is being transferred to the Custodian Retail Accounts Division. Herein, the Client may elect to self-manage the account or request a new investment advisor be assigned to the Client Account. If no such advisor is assigned to the client account, the account will remain as self-managed and under the full responsibility of the Client, until the Client notifies VCM of the change in advisor assigned to manage the Client Account.

Termination of this Agreement shall not affect the following provisions:

- i. The validity of any action previously taken by VCM, its IARs, or its designees under this Agreement;

Client expressly acknowledges and understands that Advisers are free to render investment advice to others and that Advisers do not make their respective investment management services available exclusively to Client. Nothing in this Agreement obligates Advisers to purchase or sell, or to recommend for purchase or sale for the Account, any securities which any of the Advisers or their respective employees, affiliates, representatives, or agents, may purchase or sell for own account or for the account of any other client, unless in such Adviser’s determination, such investment would be in the best interest of the Account.

ASSET MANAGEMENT AGREEMENT

TRANSITIONS RESULTING FROM DEATH, DISABILITY, LOSS OF REGISTRATION OR TERMINATION OF AN IAR

In the event that an IAR who is managing the Client's account(s) becomes deceased, incapacitated, or terminated, VCM will continue its obligation to manage the account pursuant to this Agreement and may assign another associated IAR to actively manage the account. VCM will notify the client in writing of such transition.

- (i) Client independently made the decision to enter into this Agreement and Client was not influenced by VCM's status as a plan service provider under any other agreement.
 - (ii) VCM's appointment and the services are authorized under the Plan documents.
 - (iii) In performing the services, VCM does not act as, nor has VCM agreed to assume the duties of, a trustee or the Plan Administrator, as defined in ERISA, and VCM has no discretion to interpret the Plan documents, to determine eligibility or participation under the Plan, or to take any action with respect to the management, administration or other aspect of the Plan.
